

## Setting Email RPX di BlackBerry 10

Untuk melakukan setting email RPX di BlackBerry 10, langkah-langkahnya sebagai berikut:

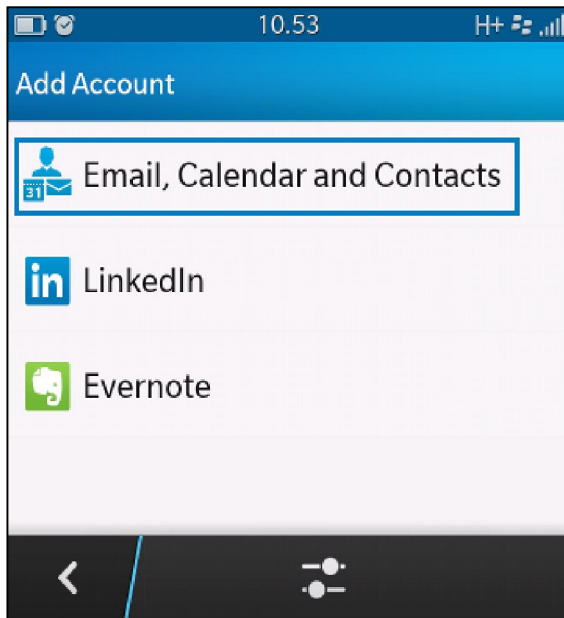

1. Pilih **BlackBerry Hub** lalu pilih **Settings** atau cari dan pilih menu **Setup**, lalu pilih **Accounts**

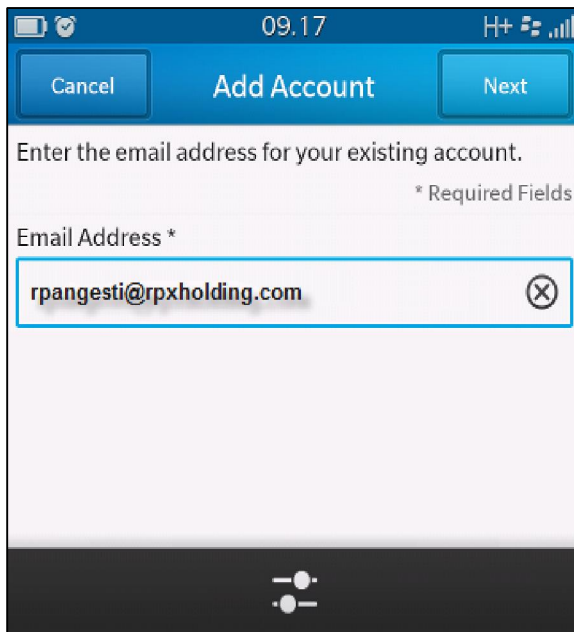

2. Pilih icon @ (at) dan tanda + (plus) @+

3. Pilih **Email, Calendar and Contacts**

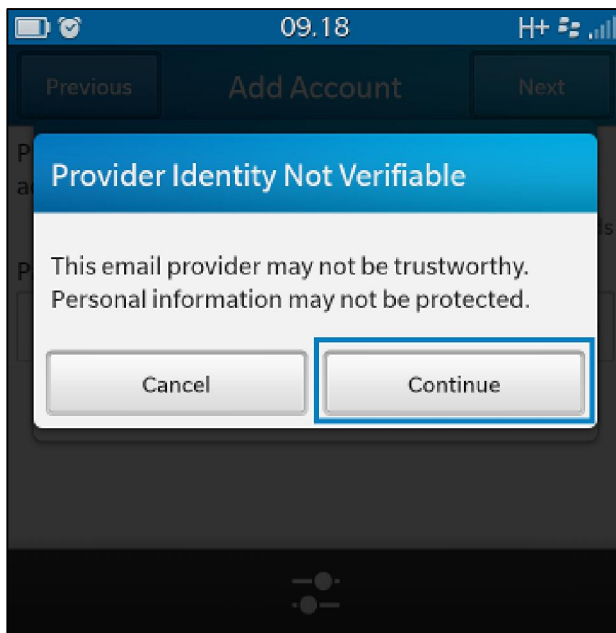

4. Masukkan alamat email Anda dengan lengkap (dalam contoh ini *rpangesti@rpxholding.com*) dan klik tombol **Next**

5. Masukkan password email Anda dengan lengkap, lalu klik **Next**  
Tips: silakan pilih icon mata untuk memastikan password email Anda benar

6. Klik tombol **Continue** untuk melanjutkan.

7. Silakan isi informasi akun email Anda, *misalkan dengan akun rpangesti@rpxholding.com*
  1. Description: **Email RPX**
  2. Display Name: **Rayindha Lintang Pangesti**
  3. Username \*: **rpangesti**

The screenshot shows a mobile application interface for adding an email account. At the top, there is a blue header with three buttons: "Previous", "Add Account", and "Done". Below the header, the text "\* Required Fields" is displayed. The form contains three input fields: "Description" with the value "Email RPX", "Display Name" with the value "Rayindha Lintang Pangesti", and "Username \*" with the value "rpangesti". Below these fields is a section for "Email Address \*" which is currently empty.

4. Email Address \*: **rpangesti@rpxholding.com**
5. Password: **repex123**
6. Server Address \*: **mails.rpxholding.com**
7. Port \*: **995**

The screenshot shows the continuation of the email account setup screen. It features the same blue header with "Previous", "Add Account", and "Done" buttons. The form contains four input fields: "Email Address \*" with the value "rpangesti@rpxholding.com", "Password \*" with the value "repex123" and a toggle icon for visibility, "Server Address \*" with the value "mails.rpxholding.com", and "Port \*" with the value "995".

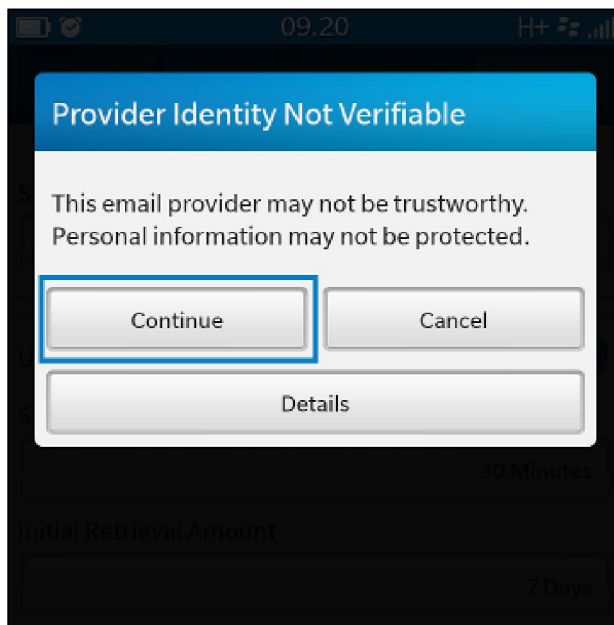

8. Encryption: **SSL**
9. IMAP Path Prefix : **(kosongkan saja)**
10. SMTP Username: **rpangesti**

The screenshot shows an email account configuration interface. At the top, there are three buttons: 'Previous', 'Add Account', and 'Done'. The 'Add Account' button is highlighted. Below the buttons, there are several input fields: 'Port \*' with the value '995', 'Encryption' with the value 'SSL', 'IMAP Path Prefix' which is empty and circled in blue with a blue arrow pointing to it and the text 'kosongkan saja' next to it, and 'SMTP Username' with the value 'rpangesti'.

11. SMTP Password: **repex123**
12. SMTP Server Address \*: **smtp.rpxholding.com**
13. SMTP Port \*: **587**
14. SMTP Encryption: **SSL**

The screenshot shows the continuation of the email account configuration interface. It features the same 'Previous', 'Add Account', and 'Done' buttons at the top. Below them are the following fields: 'SMTP Username' with 'rpangesti', 'SMTP Password' with 'repex123' and a visibility toggle icon, 'SMTP Server Address \*' with 'smtp.rpxholding.com', 'SMTP Port \*' with '587', and 'SMTP Encryption' which is currently empty.

8. Klik tombol **Continue** untuk menyelesaikan konfigurasi.

Selamat Mencoba !!
